

# Freshness You Can Taste!

## ***PURE WATER TECHNOLOGY***

Eliminate the hassles of bottled water with  
**PHSI's** state-of-the-art Pure Water Technology

# PW1R

Technology  
that Delivers  
Pure Solutions

### **Activated Oxygen Injection™**

Eliminates microbiological contamination, oxygenates the water and delivers *Freshness You Can Taste* - glass after glass.

### **Pure-Touch Dispense™**

Advances in ergonomic design deliver a convenient dispense height and room for larger sport bottles while keeping user's hands away from the dispensing nozzle.

### **ATS-Auto Tank Sanitization™**

Eliminates microbiological contamination, and does away with the tedious and often overlooked task of sanitizing the holding tank.

### **Microprocessor Control**

Settings are conveniently programmed from the control panel providing a level of performance and programmability never before seen in a point-of-use drinking water system.
